

**BWS/CIR/10/2021-22**

**CIRCULAR**

**20.04.2021**

**Dear Parents**

It's a forthright statement that when your child is attending the online classes then how can there be any ifs and buts about paying the fee. You all are well aware that the school fee is paid in advance to continue the process. Covid does not give us any leverage to sit back and not to pay or there is no such order by the Govt. that your child can keep attending the classes but there is no need for you to pay. You know well that your child's name has to be updated on the E-Punjab Portal and that can only be done, once you have got your child enrolled by paying the fee. There is no discussion, argument or phone call required to justify and as such to make your child continue the online classes, the fee for first quarter must be paid positively by April 22, 2021 i.e. Thursday. Under no circumstances will it be allowed to pay the fee later when the amount becomes huge. Please clear the dues instantly as per the norms of the school.

Those of you who have paid, need not feel bothered reading the circular as it is clear that it's not meant for you.

Take it very seriously.

**Thanks & Regards**

**Team BWS**
