***‘Nurture the nature for a beautiful future.’***

**Dear Parents**

Nature is pure, is divine and is magnificent. Man and Nature can never be separated from each other. Thus, we have to do our very best to preserve and serve nature for our own survival. As such, these little ones have to be taught from Day 1, to be highly sensitive in protecting and saving nature. This is our sincere effort to educate them through these little efforts and activities. Please co-operate in helping them in their efforts in the following ways:

<b>Date</b>	<b>Activity / Competition</b>	<b>Details</b>
April 27, 2021 Tuesday	Craft Activity with waste leaves	Students will make a bird with the help of dried leaves as directed by the respective teacher.
April 28, 2021 Wednesday	Drawing Competition Topic : ‘My Dream World’	Students will make a drawing on the given topic on a newspaper by giving it an attractive background.  Medium of Colours – Oil Pastels / Sketches / Crayons
April 29, 2021 Thursday	‘My Contribution’	Students can perform any creative activity regarding Nurturing the Nature like planting trees, watering plants, making posters etc.

**Thanks & Regards**

**Team BWS**
