‘Nurture the nature for a beautiful future.’

Dear Parents

Nature is pure, is divine and is magnificent. Man and Nature can never be separated from each other. Thus, we have to do our very best to preserve and serve nature for our own survival. As such, these little ones have to be taught from Day 1, to be highly sensitive in protecting and saving nature. This is our sincere effort to educate them through these little efforts and activities. Please co-operate in helping them in their efforts in the following ways:

Date	Activity / Competition	Details
April 27, 2021 Tuesday	Craft Activity	Students will do a Craft Activity as directed by the respective Class Teacher.
April 28, 2021 Wednesday	Fancy Dress Competition Topic : ‘Respecting and Recognizing Community Helpers’	Students will dress up and act like any Community Helper in order to express their gratitude towards them and share the videos with respective Class Teachers.
April 29, 2021 Thursday	‘My Contribution’	Students can perform any creative activity regarding Nurturing the Nature like planting trees, watering plants, making posters etc.

**Thanks & Regards
Team BWS**
